Re: M/V Northern Victor  
NPDES Permit #AK0052868

Dear Mr. Giles:

I am writing in regards to the enforcement matter concerning the violations by Icicle Seafoods, Inc. (Icicle) of its National Pollutant Discharge Elimination System (NPDES) permit #AK0052868 (Permit). At our meeting with your staff on February 10, 2006, we discussed, among other violations, Icicle's failure to remove the historical waste pile in Udagak Bay (Pile A) as required under Section IV.D.1.a. of the Permit and possible procedures for addressing the pile. Icicle raised the issue of leaving the waste pile in place. We have discussed this matter internally, and EPA is not amenable to leaving Pile A in place. EPA therefore requests that Icicle immediately take the following steps to comply with its Permit and remediate Pile A.

Please submit a waste pile cleanup plan, as required by the Permit, within thirty days of receipt of this letter for EPA's review and approval. The plan should meet the purpose and objectives of the waste pile cleanup program, as outlined in the Permit, and should include the methods, the schedule, as well as the cost estimates associated with the remediation. We look forward to hearing about your progress in this regard at our meeting scheduled for June 13.

If you should have any questions, please do not hesitate to call me at (206) 553-1603.

Sincerely,

A handwritten signature in cursive script that reads "Margo Young".
